

Loaves And Fishes Committee

The Loaves and Fishes Committee provides for refreshments during visiting time after Meeting for Worship. Before meeting a committee member prepares coffee and hot water, and gets together sugar, half and half, tea bags, cups, juice and snacks. At rise of meeting the committee is responsible for setting out the refreshments, and, after the visiting time, for cleaning up and putting away equipment and supplies. The committee buys coffee, tea, half and half, sugar, juice, cups and other supplies as needed. All Meeting members and attenders are asked to contribute snacks. The committee makes periodic announcements when snack contributions are needed.

On Business Meeting Sundays, the committee provides more substantial refreshments to sustain members and attenders staying through the lunch hour. Committee members purchasing supplies submit receipts to the treasurer for reimbursement to insure that committee expenses are properly tracked.

The Committee meets to read and respond to Advices and Queries as directed by Worship and Ministry, and presents a response at Meeting for Business.
