

Thank you for worshipping with us at Strawberry Creek Monthly Meeting. All are welcome.

On the first, third and fifth Sunday/First Day we are experimenting with a blended meeting with some on Zoom and some in person at Berkeley Technological Academy. There is some information in the Zoom chat regarding our protocol and also a sign at the entrance to our meeting room.

In the Zoom chat we ask people to stay muted until they are ready to speak. If giving vocal ministry, or saying names to be held in the light, unmute and speak. For introductions or announcements click on your raise hand icon and someone will call on you. Mute again after speaking. If you are participating by phone press *6 to unmute and *6 to mute again. If you need to move around during worship please turn off your video function to reduce distractions. Chat will be disabled during worship for all but technical questions for the zoom host.

In person, bring proof of vaccination for the greeter at the door to check if you have not done so already. Please use an N95 mask or equivalent. They will be available from the greeter. Please keep your mask on at all times including when giving ministry, making announcements and outside in the courtyard. Please turn your cell phone off so it does not interfere with the microphones.

On the second and fourth Sundays/First Days until September, we have both zoom and an in person meeting at Berkeley Technological Academy. There will be no opener/closer or greeter. Vaccinations are required by an honor system. In September we will resume our blended meetings.

Every First Day please enter the room, find a seat and begin silent worship.
